PORTFOLIO

EXPERIENCE

Lead Graphic Designer

FARMASI CE, Warsaw June 2025 – Present

- Lead visual execution for multi-market marketing campaigns across digital and print channels, ensuring brand consistency across formats and local markets.
- Develop campaign concepts and visual systems for social media, digital advertising, email marketing, landing pages, catalogs, presentations and promotional materials.
- Translate marketing objectives and commercial briefs into clear, engaging visual communication tailored to audiences, channels and campaign goals.
- Adapt key visuals across desktop, mobile, social, e-commerce and print formats while maintaining hierarchy and campaign consistency.
- Collaborate with marketing, e-commerce and cross-market teams throughout the creative process, from concept development to final production.
- Review and refine creative output, establish reusable templates and support visual consistency across ongoing campaigns.
- Manage multiple campaigns and fast-turnaround design requests simultaneously while maintaining quality and accuracy.
- Use Figma, Adobe Creative Suite and AI-assisted tools to accelerate ideation, production and multi-format adaptation.

QA Game Tester

Lionbridge, Warsaw November 2023 – November 2024

- Conducted QA and UX testing of games across different devices.
- Identified usability and interface flow issues to improve user experience.
- Documented bugs and collaborated with development teams to optimize gameplay UX.

2D Animator & Motion Designer

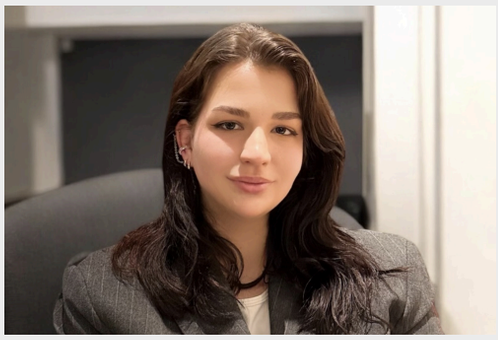

Crypto Media Agency March 2024 – November 2024

- Designed 2D animations and explainer videos for crypto platforms and token launches.
- Created motion UI for onboarding and platform tutorials using After Effects.
- Increased user engagement on social platforms by 20%.
- Collaborated cross-functionally with developers and marketers to maintain design consistency.

UI/UX Designer Intern

DigiCode, Poltava January 2022 – March 2022

- Developed wireframes and interactive prototypes for web/mobile apps.
- Participated in user research and created UI mockups based on user feedback.
- Enhanced usability and interface clarity through iterative design.

LEAD GRAPHIC DESIGNER

Marketing & Digital Design

Multidisciplinary Lead Graphic Designer specializing in marketing and digital design. Experienced in creating multi-format campaigns, landing pages, email design, social media assets, catalogs, motion graphics and visual systems across multiple markets. Combining strong visual craft with UI/UX knowledge, strategic thinking and AI-assisted workflows to create effective, brand-consistent communication across digital and print touchpoints.
